

# Free Parent Workshops

## Understanding and Treating Child/Adolescent Eating Disorders: What Adult Caregivers Need to Know

Laura M. Huff, Ph.D.

Director, Eating Disorders Program

This workshop is designed to educate and empower caregivers of children, teens, and young adults with eating disorders. If an eating disorder is suspected or diagnosed, it is critical to intervene early and while the teen is in the home environment. Parents, adult family members, friends, coaches, teachers, and mental health professionals are welcome to attend.
